# FACTSHEET
NDP2020 Interactive Map

Due to Covid-19 pandemic, Singaporeans celebrate National Day Parade (NDP) 2020 together virtually or closer to their homes, with segments and activities moved to the heartlands. Popular segments of NDP will take place in different locations islandwide and Singaporeans can celebrate in unity, with broadcasts, live streams, virtual and home activities available at different points throughout the entire day.

- To facilitate the format this year, the team behind the Moments of Life app from Government Technology Agency (or GovTech) worked with the NDP Committee to build "NDP2020 Interactive Map" (https://ndp2020.life.gov.sg/) for all Singaporeans to stay in the know and take part in the celebrations.
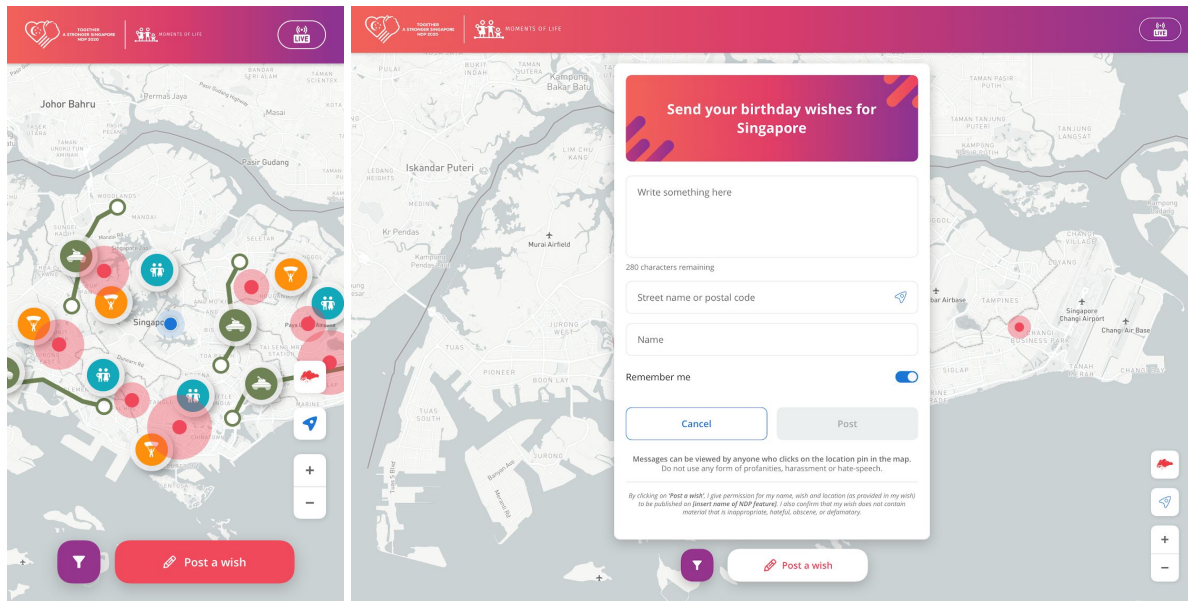

- Singaporeans, both local and overseas will be able to:
    1. **Find out details on the various activities and NDP segments happening in different locations islandwide, such as:**
        - Mobile Column display
        - Red Lions Landing Zones
        - Heartland Fireworks display
   - Other National Day activities such as NDP2020: Anthem Moment and State Flag flypast

NDP2020 Interactive Map, Desktop view, interactive map with overview on all NDP2020 activities

2. **Post your birthday wish for Singapore, which can be seen by all users on the map.**

NDP2020 Interactive Map, Left, Mobile view, button for user to select to 'Post a wish'
NDP2020 Interactive Map, Right, Desktop view, form for users to fill in for posting their wishes

3. Access and view NDP livestream on-the-go

NDP2020 Interactive Map, Desktop view, user access to NDP2020 Livestream before parade starts.

About the Moments of Life app

The Moments of Life app is a Smart Nation initiative that provides a citizen-centric experience to help users navigate easily across the government by personalising their experience, anticipating their needs and providing meaningful solutions on a single digital platform. With a simplified experience, citizens can save time and focus on the things that matter. Visit https://life.gov.sg for more information.

Coming soon - a fresh new Moments of Life
Users can look forward to simpler access for digital government services through consolidation and personalisation in the upcoming reveal of the update to the Moments of Life app. More details on the new visual identity, improved navigation and expanded features will be made available from 19 August 2020.

About Government Technology Agency
The Government Technology Agency (GovTech) is the lead agency driving Singapore's Smart Nation initiative and public sector digital transformation. As the Centre of Excellence for Infocomm Technology and Smart Systems (ICT & SS), GovTech develops the Singapore Government's capabilities in Data Science & Artificial Intelligence, Application Development, Sensors & IoT, Digital Infrastructure, and Cybersecurity.

GovTech supports public agencies to manage enterprise IT operations and develop new digital products for citizens and businesses. GovTech is the public sector lead for cybersecurity, and oversees key government ICT infrastructure, as well as regulates ICT procurement, data protection and security in the public sector. GovTech is a Statutory Board under the Smart Nation and Digital Government Group (SNDGG) in the Prime Minister's Office.
